

Ingleton C of E Primary School

Curriculum Intent:

Our School vision forms the basis for our curriculum intent. We believe that a curriculum that is thoughtfully planned and sequenced and where each individual part complements the whole, not only helps to develop enquiring minds and a sense of awe and wonder but inspires everyone to love to learn together. Education is the building block to life and we believe through the continual reviewing and reflection of our curriculum to meet the needs of our pupils that we will support and enhance the development of our children's knowledge and skills ensuring that they have a solid foundation in order to start their next chapter in life.

“Let your light shine before others, that they may see your good deeds and glorify your Father in heaven.” Matthew: 5:16
