**Dear Parent / Carer,**

### **COVID 19**

Following government advice and risk assessments, COVID restrictions will stay in place and continue until the end of term. Please can we remind parents that if your child has any COVID symptoms (high temperature, continuous cough or a loss of taste or smell then a PCR test must be booked and children should not be tested using a Lateral Flow Test as these are used to detect asymptomatic cases. We thank you for your co-operation with this. Hopefully from September everything will be back to normal!

### **Sun Protection**

As the weather is starting to warm up please protect your child's skin by applying sun protection before school starts, sun hats are also encouraged. Children can bring sun cream to school to re-apply at break and lunchtimes. Please ensure your child's cream is labelled with their name - thank you.

Please arrive at School at **8:15am** prompt to enable the children to go to the toilet, collect their packed lunch and get seated on the coach.

As children will be outside all day so will need to wear appropriate clothing for the weather (a school polo shirt and jumper / cardigan and comfy trousers / shorts / leggings etc.). We suggest that they also bring a waterproof coat just in case and a sun hat and sun cream should the weather be sunny. We will be undertaking a lot of walking during the visit, so please ensure your child has comfortable walking shoes for this.

### **CAN YOU SEE ME? BY LIBBY SCOTT & REBECCA WESTCOTT**

Tally is eleven years old and she's just like her friends. Well, sometimes she is. If she tries really hard to be. Because there's something that makes Tally not the same as her friends. Something she can't cover up, no matter how hard she tries: Tally is autistic.

Tally's autism means there are things that bother her even though she wishes they didn't. It means that some people misunderstand, her and feel frustrated by her. People think that because Tally's autistic, she doesn't realise what they're thinking, but Tally sees and hears - and notices - all of it. And, honestly? That's not the easiest thing to live with.

## A KIND OF SPARK BY ELLE MCNICOLL

A Kind of Spark tells the story of 11-year-old Addie as she campaigns for a memorial in memory of the witch trials that took place in her Scottish hometown. Addie knows there's more to the story of these 'witches', just like there is more to hers.

Can Addie challenge how the people in her town see her, and make her voice heard? A story about friendship, courage and self-belief, perfect for fans of The Goldfish Boy, Addie's story was born from Elle's own experiences of neurodiversity and her commitment to seeing greater representation in children's books.
